

# Pulltarps® Systems

Famous "No BS" Double Guarantee

## 9" Open Pulltarps® System

Part # 105-0215

Optional Spacer Rod (shown) - Part # 501-9902

The 6" and 9" systems are the most basic and least expensive system we offer. It is called an "open system" because there is no housing to protect the tarp and roller from falling debris. All moving parts are guaranteed for as long as you own it. Options include Spacer Rod, Load Climber, Manual Arms, Automatic Arms, and Aluminum Wind Guard. The optional Spacer Rod is necessary for top roll applications and makes all installations easier.

Tarp Priced Separately

Stock Widths:  
80", 84", 87", 89", 93", 96", 100"  
Custom Widths Are Available

- ▶ Ships via UPS
- ▶ Black Powder Coated End Plates
- ▶ Economical
- ▶ Steel Bolt-in Spring Shaft Anchor
- ▶ Steel or Aluminum Mounting Brackets
- ▶ Exclusive design makes it impossible to damage the spring by winding it backwards.
- ▶ Holds up to 40' of tarp.

**Accessories & Options on page 13-14**

## 7" Aluminum Pulltarps® System

With Wind Guard - Part # 103-0215

Without Wind Guard - Part # 102-0215

The 7" Aluminum System is designed for weight saving applications. All moving parts are guaranteed for as long as you own it. The system is great for mounting inside the box. Options and upgrades include Load Climber, Manual Arms and Automatic Arms, and the Aluminum Wind Guard (shown).
