

# Pulltarps® Systems

Famous "No BS" Double Guarantee

## Steel Protector Pulltarps® System

Part # 106-0215

The Steel Protector System is designed to be mounted against the cab shield so material will roll off into the box. This system is great for shorter applications that require some protection from falling debris. Galvanized end plates and housing protect against corrosion. All moving parts are guaranteed for as long as you own it. Options include Load Climber, Manual Arms, and Automatic Arms.

## Protector Plus Pulltarps® Systems

Steel Protector Plus - Part # 114-0215

Aluminum Protector Plus - Part # 115-0215

The Protector Plus Systems are designed for longer applications that require some protection from falling debris. All moving parts are guaranteed for as long as you own it. Available in steel or aluminum. Options include Load Climber, Manual Arms, and Automatic Arms.
