

# Pulltarps® Systems

Famous "No BS" Double Guarantee

## Universal Super Shield Pulltarps® System

Part # 108-0215

A super strong system with higher tarp capacity. The fully welded 12 gauge steel construction offers the best protection from falling debris. Designed for longer applications up to 40'. The external ratcheting spring adjustment allows for easy spring tensioning in the field. All moving parts are guaranteed for as long as you own it. Options include Load Climber, Manual Arms, and Automatic Arms.

## Ultimate Aluminum Pulltarps® System\*

Part # 109-0215

The Ultimate Aluminum System is designed for truck enthusiasts who want their tarp system to look as good as their rig. It can be used for short or long applications. The external ratcheting spring adjustment allows for easy spring tensioning in the field. All moving parts are guaranteed for as long as you own it. Options include Load Climber, Manual Arms, and Automatic Arms.
