

# Pulltarps® Aluminator™ Series

Aluminator™ 8500 & 7000 Systems

## Pulltarps® Tarps are Simply The Best!

**11oz. HD Mesh**

Open weave heavy duty mesh provides protection for hauling junk and landscaping debris.

**18oz. Super HD Mesh**

Double-weave is less permeable and ideal for hauling sand, gravel, and debris.

**18oz. Waterproof Vinyl**

For trucks that work in inclement weather and need protection from the elements.

**14oz. 400° Asphalt**

Asphalt tarps feature a urethane coating for years of use for road repair and asphalt paving.

## Designed for Construction Fleets & Municipal Trucks

- Light Weight
- Mount in Box
- Easy to install

➤ **Able to cover trucks up to 23'.**

A Safe Fleet Brand

Pulltarps.com

### Aluminator™ 8500 Systems

This system holds more tarp than the smaller Aluminator 7000 and is much lighter than the Steel Protector + .

### Aluminator™ 7000 Systems

Designed for weight saving applications and the system is great for mounting inside the box.

# Aluminator™ System Advantages

## Aluminator 8500 System Advantages

### Aluminator 8500E System

The Aluminator 8500E is an 8.5" aluminum housing. This system is great for use on landscaping trailers and can be ordered with a tray to mount out in front of the trailer.

### Aluminator 8500M System

The Aluminator 8500M System is a Semi-Automatic system and can be operated by one person. The system is much lighter than our Steel Protector +™ system.

## Aluminator 7000 System Advantages

### Aluminator 7000E System

The Aluminator 7000E is great for large fleets and is easy to install. The Automatic system is designed to provide smooth operation while keeping the driver safe inside the cab.

### Aluminator 7000M System

The Aluminator 7000M System is Semi-Automatic and operates by using spring tension. This system can be operated by one person.

**Both systems can be mounted with Aluminum or Steel Mounting Brackets.**

## Aluminator 8500E System

This system can be ordered with a tray to mount out in front of the dump box.

- Holds up to 26' of tarp
- Steel or Aluminum Mounting Brackets
- Pulltarps® 1.3 HP 12V DC Electric Motor
- Wind Guard prevents wind from getting under the tarp

## Aluminator 8500M System

Designed for weight saving applications and is great for mounting inside the box.

- Holds up to 22' of tarp
- Steel or Aluminum Mounting Brackets
- Pulltarps® Semi-Automatic Ratchet Assembly
- Wind Guard prevents wind from getting under the tarp

## Aluminator 7000E System

The system is great for mounting inside the box.

- Holds up to 22' of tarp
- Wind Guard is Included
- Pulltarps® 1.3 HP 12V DC Electric Motor
- Basic Smart Switch™ kit and all wire is included

## Aluminator 7000M System

The system is great for mounting inside the box.

- Holds up to 15' of tarp
- Optional Wind Guard available
- Steel or Aluminum Mounting Brackets
- Mounting bars make installation, maintenance, and removal easy
